Logging in to the Test Drive Administrative Area

From this location <http://Template.CrimeStoppersMostWanted.com/admin> you will be able to update a sample Crime Stopper web site and experience the ease of use and powerful presentation that can be accomplished with this web presence.

Your Crime Stopper administration area is fully secured with a unique user name and password. If you already have been provided a user name and password you may enter it in the area to the left.

To take a Test Drive please use the following User Name and Password.

User Name: test

Password: test

To get started click the Most Wanted admin link.

Creating a New Bulletin

Searching for matching individuals is easy. Simply click on the edit button, select the individual you are wanting to search for and provide the selection criteria you want to use. For example, you may be looking for a certain profile but want a variance on weight. You would then use a plus or minus value based on the weight of that individual.

Our search engine will then present those suspects from all subscribing organizations which match that criteria. Select the Link this Suspect button to establish a link between the two Most Wanted postings.

Once a link is established an automatic notification is sent to the respective organization and a magnifying glass symbol will appear on that suspects entry.

With the link established you may then view tips received from all organizations tracking this suspect. A variety of view options are available, such as by organization & date.

Web Site Hosted & Developed by:

To create a new bulleting Click the Add a new Bulleting link.

Clicking the Edit button on any listed bulletin will provide you with a list of suspects in that bulletin.

To create a new bulletin, enter a description and bulletin number and click submit.

If your organization does not issue bulletins, you can place all your Most Wanted Suspects in a generic "All Most Wanted" area.

Our search engine will then present those suspects from all subscribing organizations which match that criteria. Select the Link this Suspect button to establish a link between the two Most Wanted postings.

Once a link is established an automatic notification is sent to the respective organization and a magnifying glass symbol will appear on that suspects entry.

With the link established you may then view tips received from all organizations tracking this suspect. A variety of view options are available, such as by organization & date.

Click the Search link under Suspect Tracker for the individual you want to do a search on.

Expanding Your Search

Searching for matching individuals is easy. Simply select the individual you want to search for and provide the selection criteria you want to use.

For example, you may be looking for a certain profile but want a variance on weight. You would then use a plus or minus value based on the weight of that individual. When you are finished click the Submit button.

Our search engine will then present those suspects from all subscribing organizations, which match the criteria you entered. To display the results click one of the organization links.

Linking Your Suspect

Select the “Link this Suspect” link to establish a link between the two Most Wanted postings.

Expand Search
